

TEAPORT[®]

Professional
Tea Machine

www.teaport.com.tr

Always Tea!

Teaport is designed with the purpose of providing proper, hygienic, always hot, quality tea in companies, institutions and facilities. Teaport can steep tea in different quantities with different models and it always provides fresh tea to employees and guests of companies and facilities in intended quantities. Teaport is the unique machine in its category with this specification.

With Teaport, you can prepare hundreds even thousands of glasses of tea with only one touch. Further, your tea stays fresh during the day.

How would like to drink your tea?

✓ **Economical**

Teaport saves up 50% dry tea quantity for getting steeped tea in same quantity.

- It provides big energy savings (electric and gas) when preparing same quantity of tea.
- It removes lost time and waste during steeping process completely.
- As the tea stays fresh for 12 hours, it prevents the dry tea waste issue and removes the necessity of adding new tea in different times of day.
- It removes all costs like workforce for cleaning, chemicals, water waste completely.

👍 **50%**
economical

✓ **Fresh**

Teaport brings an end to the sentences, which you often hear during the day like 'Tea has not steeped yet, Tea is not fresh, Tea is finished'. Your tea is always fresh with Teaport.

🌿 **12**
hours
fresh

✓ **Efficient**

- Only one employee can steep thousands of glasses of tea with Teaport.
- It provides quality tea, time and workforce efficiency by covering the necessity of whole day with only one steeping.
- It removes frequently encountered work accidents in usual steeping processes.
- It raises satisfaction of employees and guests by removing all confusion of tea department.

✓ Hygienic and Natural

Teaport fundamental idea states that health is more important than everything. So it cleans itself with completely natural blends. Teaport is inline with food standards with its stainless steel boiler and installation system. With its stated specifications, you don't feel any chemicals and drink a more healthy tea.

✓ Safety

Via 7 security softwares and hardwares, Teaport removes all risks like gas leakage.

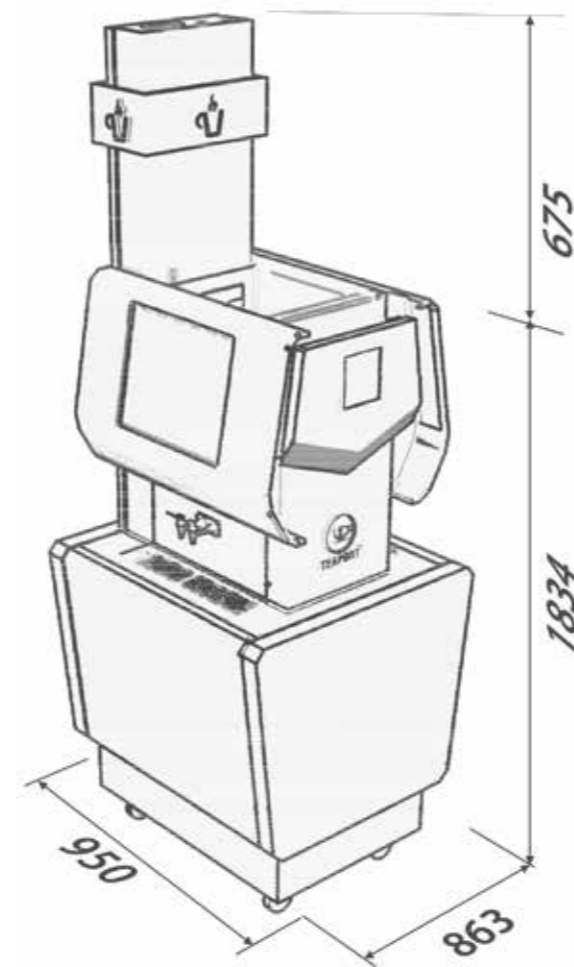

✓ Bright Red Or Weak Tea..
Final Is For Your Profit..
